

attention to detail  
 emphasis on quality  
 friendly helpful service

"BSA award winning"

We source low VOC paints (Volatile organic compounds) and all dirty paint water used in cleaning is removed from site to be treated.

Award winning houses to cubby houses

client testimonials

★★★★★

They did the most amazing job. Blair assisted us with colour choices, which have turned out to be perfect. They took exceptional care covering floors and built in wall units. Blair and his team come highly recommended and they will not disappoint you with their professional work ethic and attitude.

**Brad Legassick**

★★★★★

Thanks to Blair for a great job in painting our apartment. From the patience and advice through to the selection and quoting process, to the professional, nothing too much trouble, friendly attitude in undertaking the task, we couldn't have asked for more.

**Bill Binns**

★★★★★

Blair and Jason completed the upper level of our home today. We are thrilled with the results. From start to finish including quoting the job and assisting in colour choice.

**Pauline Baird**

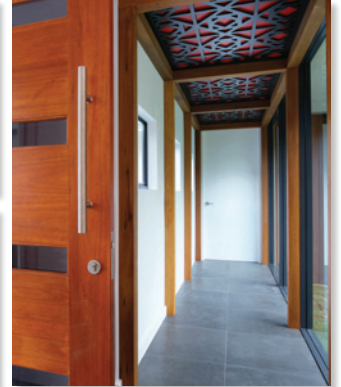

★★★★★

Thank you to Blair and his great team. They are highly professional and provide exceptional attention to detail and great colour advice. I am delighted with the results they have achieved in my home and I would recommend them to anybody.

**Gail Rowland**

9 Barron Court "BSA award winning"

Faithfully serving the Gold Coast for over 25 years, 'Creations in Colour', has established a reputation founded on reliable, helpful service and high quality workmanship. We spend the time preparing what needs to be painted and carefully covering what doesn't, which is so important but often lacking within our trade. Effectively utilising five different paint suppliers, we always source the best products from each; premium products that work well and stand the test of time.

I still enjoy the marvellous transformation finished paint work can achieve and as our testimonials show, so do our clients. It is possible a quotation from 'Creations in Colour' may not be the cheapest you receive but we strongly value the consistent, high quality workmanship we offer as 'value for money' and our belief that getting the job done well the first time and giving years of lasting value, is well worth the undertaking.
